EXPERIENCE

- FRONTEND DEVELOPER** | 12.2018 - PRESENT Freelance
I was responsible for design and improvement of browser based front-end application development. Resolved memory corruption and other technical issues by leveraging strengths in coding, debugging and integration testing.
I have no problem working as part of a remote team as well as have the ability to work independently. I have creativity and out of the box thinking capabilities, never-ending resourcefulness and problem-solving abilities.
- FRONTEND DEVELOPER** | 02.2018 - 12.2018 JSNinjas
I develop marvelous user interfaces and admin ones, provide various solutions as for the optimization of the work and look of the site as well as a preferable stack of technologies. Here are a few examples of my top works:
<https://aloyoga.com> - Yoga e-commerce Shopify store from scratch using CL tool Slate. Custom color swatch App. Instagram API, Sticky jQuery plugin, PhotoSwipe jQuery plugin, Wishlist.
<https://pulbrookandgould.co.uk> - Shopify store from scratch. Custom delivery functionality based on adding extra product to the cart. The client wished to avoid using App.
- FRONTEND DEVELOPER** | 08.2015 - 02.2018 GenovaWebArt
In a team of web developers, I worked on implementing new features for existing apps and sites. This job taught me to work in a team in a collaborative and productive way as well as to be accountable for my own actions.
Here are a few examples of my top works:
<https://paper-republic.eu> - Shopify store from scratch. Custom product page using Shopify line item properties.
<https://mymodjewel.com> - Clothing and fashion e-commerce Shopify store from scratch.
